

# Most Relevant Plan

SHEPP aspires to be the **most relevant pension plan** for healthcare workers in Saskatchewan by **modernizing our core benefit** and **offering select services** to our members, and by investing in **long-term relationships** with our partners.

We define relevance by how **meaningful, appropriate** and **essential** members feel SHEPP is in their lives.

We will work with partners to make **strategic choices** in the long term interests of our members.

We will offer **benefits** and **services** that align with our members' **evolving needs** and directly enhance relevance with members.

**SHEPP**
